FUNCTION OF THE MEDICAL ASSISTANCE UNIT

OFFICIAL

The Medicaid Division is assigned program responsibility for medical assistance furnished to eligible individuals under Title XIX of the Social Security Act. The program planning component includes cooperation with health agencies for provision of comprehensive, high quality medical care for all eligibles in need thereof and development of regulations and procedures of assistance in the form of vendor payments for care in medical facilities and by providers of medical care and services. Administrative functions include liaison with providers of care and the fiscal agent, development of programs of utilization review, and coordination of Title XVIII benefits through the "Buy-In" agreement with the Social Security Administration. The Division reviews and grants requests for prior authorization of medical services.
